

water studies pdf

Case studies illustrate how utilities and other water community partners have met and overcome real-world challenges. Sharing these lessons learned from the field can result in some of the most valuable insights gleaned from WaterRF research.

Case Studies - Water Research Foundation

Thirteen-Week Studies: All rats lived to the end of the 13-week studies (drinking water concentrations as high as 50,000 ppm). The final mean body weights of rats receiving 50,000 ppm were 19% lower than that of controls for males and 7% lower for females. Water consumption by all rats that re-
