We want to make our PDF's responsive. We want to make our PDF's responsive, i.e. allow them to reformat to fit different device windows and be easy to read (possible ex.3 collums becomes one long stacked collum based upon some magic code juju(?)).

### **We want to make our PDF's responsive (Export PDF)**

the key of our car, confident that it will start and confident that the roads will be open. In those cases in which, because of circumstances beyond our control, we can't be confident of getting what we want, we typically develop a contingency plan that will enable us to get, if not exactly what we want, then something pretty close to it.
