Wonder Friends probably already know how important bees are to the process of pollination. Thanks to bees, our plants and flowers grow and reproduce from year to year. However, bees are best observed from a distance. If you've ever scared a bee, gotten too close or stepped on one, you know it can be a painful experience. Bee stings can hurt a lot and turn an otherwise nice summer day into a day ...

Some planes in the sky leave trails that persist and spread, and other planes, in the same sky, leave short-lived trails, or no trails at all. These trails are actually called contrails, short for “condensation trails”. They are not smoke from the engines, they are formed when the water in jet engine exhaust (and there’s quite a lot of it, like car exhaust on a cold day) mixes with wet ...
